Home Improvement Plans?

CHECK WITH THE BOROUGH FIRST!

Planning on doing improvement work on or in your home or property? That's great, but please be sure to contact the Borough Office to let us know about your plans ahead of time, even if it isn't a big project. Some home improvement projects – whether you are doing them yourself or not – require permits and approvals to ensure your plans meet our ordinances, zoning and safety regulations. If you are working with a contractor – they must also contact the Borough BEFORE any work can start. So don't take chances – it can be a costly and frustrating mistake. We want to encourage you to maintain and beautify your Ivyland home by doing it the right way and the safe way. We are here to HELP!
